WHERE TO TURN WHEN SOMETHING HARMLESS TURNS OUT NOT TO BE.

Will the little things around you become your worst enemies? For some, that's life. But for others, there's the American Express® Charge Card. When you use the Card for covered purchases, it offers a host of benefits and rewards¹ that stand by your side. Did that zipper chew up your new jacket? It can be repaired or replaced, or your account can be credited.² Did you find a fraudulent charge on your statement? We're here to help. Can your debit card say that? As a Cardmember, you can count on us to protect not just your purchases, but your interests. And that's something you don't have to question.

**DON'T TAKE CHANCES.
TAKE CHARGE.**

HOW TO MAKE SURE THAT CLICK DOESN'T COST YOU MORE THAN YOU THINK.

Feeling anxious about shopping online? Worried that something could happen to that treasured item you just bought? Don't be. Not when you use the American Express® Charge Card. If you find a suspicious charge, we'll set it aside until it's resolved.¹ If something you recently bought with the Card breaks, your covered purchases can be repaired, replaced, or your account can be credited.² If an online store won't accept your return, we can take it back.³ No more wondering. No more worrying. Can your debit card say that? If not, it's probably time to do something about it. Visit takecharge.com
