After I finished my studies at the Staatliche Fachakademie für Fotodesign München, I worked as a photographic assistant for Niko Schmid-Burgk in Munich, Albert Watson in London and New York and Christopher Thomas on photo productions in several countries. Since 2005 I have been living in Hamburg where I have created my own business as an independent photographer.

In the last 10 years I have photographed several campaigns for corporate clients including TUI, RWE, Olympus, Rodenstock, Haspa ... and also photographed various editorials for publications such as the Elle City Guide.

Additionally I focus on Transportation Photography. I enjoy traveling and I am very confident in communicating not only in German, but also in English and Spanish. I am always eager to experiment and discover new approaches to visual communication and optical perception.
